PURPOSE

The purpose of this Community Benefits Agreement (Agreement) is to facilitate careers in the construction industry and to promote employment opportunities during the construction of the High Speed Rail System (Project) awarded by the California High Speed Rail Authority (Authority), remove potential barriers small businesses may encounter in participating in this Project, and to provide for the orderly settlement of labor disputes and grievances without strikes or lockouts, thereby promoting the public interest in assuring timely and economical completion of the Project.

WHEREAS, the Authority is responsible for the design and construction of the Project; and

WHEREAS, the successful timely completion of the Project is of the utmost importance to the Authority; and

WHEREAS, the work to be done will require maximum cooperation from the Parties; and

WHEREAS, increasing access to employment opportunities with prevailing wages is one way for the Authority to directly combat poverty and unemployment; and

WHEREAS, large numbers of workers of various skills will be required in the performance of the construction work, including those to be represented by the affiliated unions and any other craft labor organizations which are signatory to this Agreement employed by contractors and subcontractors who are signatory to agreements with said labor organizations for the purpose of the High Speed Rail System; and

WHEREAS, it is recognized that projects of this magnitude with multiple contractors and bargaining units on the job site at the same time over an extended period of time, the potential for work disruption is substantial without an overriding commitment to maintain continuity of work; and

WHEREAS, the interests of the general public, the Authority, the Unions, contractors, subcontractors, employers and workers would be best served if the construction work proceeded in an orderly manner without disruption because of strikes, sympathy strikes, work stoppages, picketing, lockout, slowdowns or other interferences with work; and

WHEREAS, the Authority, Contractors/Employers and the Unions desire to mutually establish and stabilize wages, hours and working conditions for the workers employed on this Project by Contractors/Employers, and further, to encourage close cooperation among the Contractors/Employers and the Unions to the end that a satisfactory, continuous and harmonious relationship will exist among the parties to this Agreement; and

WHEREAS, this Agreement is not intended to replace, interfere with, abrogate, diminish, or modify existing local or national collective bargaining agreements in effect during the duration of this Project, except to the extent that the provisions of this Agreement are inconsistent with said collective bargaining agreements, in which event, the provisions of this Agreement shall prevail; and further, it is understood that Unions and Contractors/Employers are bound and shall remain bound, for the duration of this Project, by the terms of this Agreement and the applicable local and national collective bargaining agreements for the craft work performed, established between the Authority, Unions and Contractors/Employers, in effect and covering the area of this Project; and

WHEREAS, this Agreement reflects a commitment by all parties to the diversity in the workforce hiring that reflect levels of minority, women, veterans and other worker utilization at levels which are representative of the relevant workforce as determined by the U.S. Census Bureau; and

WHEREAS, the Parties signatory to this Agreement acknowledge the Authority's Small Business Policy and established overall 30% Small Business Goal, inclusive of microbusinesses, a 10% DBE and a 3% DVBE goal within the 30% overall goal and shall exercise full support of this Policy in the implementation of this Agreement in ensuring maximum utilization of Small Businesses on the project; and

WHEREAS, this Agreement is intended to have a positive impact and exemplify the Authority's commitment to ensure the communities, small businesses and residents along the corridors benefit from the project during construction; and

WHEREAS, the parties to this Agreement recognize that this Project provides an optimal opportunity to combat poverty and high unemployment in the Central Valley Region; and

WHEREAS, the Parties signatory to this Agreement pledge their full good faith and trust to work towards a mutually satisfactory completion of the Project;

NOW, THEREFORE, IT IS MUTUALLY AGREED BY AND BETWEEN THE PARTIES, AS FOLLOWS:

Article 2. Scope of Agreement

- 2.1. Parties: Unless otherwise provided or limited herein, this Agreement shall apply to the C/S/Es entering into a Construction Contract for Project Work, C/S/Es performing Project Work or agreeing to perform Project Work as subcontractors or otherwise in regards to the Construction Contract and the State Building and Construction Trades Council of California, Craft Council and Local Unions and any other labor organization signatory to this Agreement, acting in their own behalf and on behalf of their respective affiliates

and member organizations whose names are subscribed hereto and who have through their officers executed this Agreement (“Signatory Unions”).

- 2.2. Project Scope: This Agreement shall apply to all Project Work.
- 2.3. Project Labor Disputes: The provisions of this Agreement, including the Schedule A Agreements, (which are the local collective bargaining agreements of the signatory Unions having jurisdiction over the work on the Project, as such may be changed from time-to-time and which are incorporated herein by reference) shall apply to the work covered by this Agreement. All Project Work shall be performed as provided in the applicable Schedule A Agreement. Where there is a provision in a Schedule A Agreement and not covered by this Agreement, the provision of the Schedule A Agreement shall prevail. Where there is a provision in this Agreement, it shall prevail over any conflicting provision of a Schedule A Agreement. All disputes relating to the interpretation or application of this Agreement shall be subject to resolution by the dispute resolution procedures set forth herein.
- 2.4. Exclusions:
 - 2.4.1. This Agreement shall not apply to or govern the award of contracts by the AUTHORITY which are outside the scope of the Project Work.
 - 2.4.2. This Agreement shall not apply to or impact in any way service contracts or operation, inspection or maintenance contracts entered into by the AUTHORITY including, but not limited to said contract relating to the Project, services provided at any AUTHORITY facility, building and/or the operation or maintenance of any AUTHORITY owned and operated facilities.
 - 2.4.3. This Agreement shall not apply to a C/S/E’s non-manual employees including, but not limited to, superintendents, supervisors, staff engineers, quality control and quality assurance personnel, time keepers, mail carriers, clerk, office workers, messengers, guards, safety personnel, emergency medical and first aid technicians, and other engineering, administrative, supervisory, and management employees (except those covered by existing building and construction trades collective bargaining agreements).
 - 2.4.4. This Agreement shall not apply to officers and employees of the AUTHORITY, nor to work performed by or on behalf of other governmental entities and public utilities.

-
- 2.4.5. This Agreement shall not apply to the work of persons, firms and other entities that perform consulting, planning, scheduling, design, environmental, geological, management, or other supervisory services on any AUTHORITY project including, but not limited to, consultants, engineers, architects, geologists, construction managers, and other professionals hired by the AUTHORITY or any other governmental entity.
- 2.4.6. Notwithstanding the foregoing, it is understood and agreed that Building/Construction Inspector and Field Soils and Material Testers (inspectors) are a covered craft under this Agreement. This inclusion applies to the scope of work defined in the State of California Wage Determination for that Craft. Every Inspector performing under these classifications pursuant to a professional services agreement or a construction contract shall be bound to all applicable requirements of this Agreement. Covered work as defined by this Agreement shall be performed pursuant to the terms and conditions of this Agreement regardless of the manner in which the work was awarded, but shall not cover quality assurance work performed by or on behalf of AUTHORITY. Notwithstanding the provisions of this sub-section, the AUTHORITY may engage consultants for limited periods of time in the event of an urgent need for specialized inspection services. The AUTHORITY must provide prior notice to the union that despite good faith efforts, it is unable to obtain qualified inspector(s) under the provisions of this Agreement. Such engagement shall be only to meet immediate and limited needs until such qualified inspectors working under the Agreement are available.

Article 3. Effect of Agreement

- 3.1. By executing the Agreement, the Unions and the AUTHORITY agree to be bound by each and every provision of this Agreement. This Agreement is not intended to supersede collective bargaining agreements between any of the Contractors/Employers performing construction work on the Project and Union Signatory thereto except to the extent the provisions of this Agreement are inconsistent with such collective bargaining agreement, in which event the provisions of this Agreement shall apply. However, such does not apply to work performed under the NTL Articles of Agreement, the National Cooling Tower Agreement, the National Stack Agreement, the National Transit Division Agreement (NTD), or the National Agreement of the International Unions of Elevator Constructors and all instrument calibration work and

loop checking shall be performed under the terms of the UA/IBEW Joint National Agreement for Instrument and Control Systems Technicians, however, provisions of this Agreement dealing with Work Stoppages and Lock-Outs, Work Assignments and Jurisdictional Disputes, and Settlement of Grievances and Disputes shall apply to such work. It is specifically agreed that no later agreement shall be deemed to have precedence over this Agreement unless signed by all parties signatory hereto who are then currently employed or represented at the Project.

- 3.2. It is understood that this Agreement constitutes a self-contained, stand-alone agreement and that, by virtue of having become bound to this Agreement, the C/S/E will not be obligated to sign any local, area or national collective bargaining agreement as a condition of performing work within the scope of this Agreement.
- 3.3. It is agreed that all C/S/Es of whatever tier, who have accepted the award of a Construction Contract or who have been awarded contracts for work covered by this Agreement, shall be required to accept and be bound to the terms and conditions of this Community Benefits Agreement, and shall evidence their acceptance by the execution of the Letter of Assent as set forth in Exhibit A hereto, prior to the commencement of work. At the time that any Contractor enters into a subcontract with any subcontractor of any tier providing for the performance on the Construction Contract, the C/S/E shall provide a copy of this Agreement to the subcontractor and shall require the subcontractor, as a part of accepting the award of a construction subcontract, to agree in writing in the form of the attached Letter of Assent to be bound by each and every provision of this Agreement prior to the commencement of work on the Project. No contractor or subcontractor shall commence Project Work without having first provided a copy of the Letter of Assent as executed by it to the AUTHORITY 48 hours before the commencement of Project Work, or within 48 hours after the award of Project Work to that C/S/E, whichever occurs later. Further, Contractors not signatory to the established Joint Labor/Management Trust Fund Agreements, as described in the Schedule A Agreement(s) for the craft workers in their employ, shall sign a "subscription agreement" with the appropriate Joint Labor/Management Trust Funds covering the work performed under this agreement before work is commenced on the Project.
- 3.4. So that the public, the Unions and the employees have complete information, the AUTHORITY shall immediately post copies of all executed Letters of Assent on a dedicated page on its website. No C/S/E may perform any Project Work until its Letter of Assent is posted. If the AUTHORITY is notified that a C/S/E is performing Project Work without its Letter of Assent being posted, the C/S/E shall be removed from the Project unless an executed Letter of Assent is posted within 48 hours.

-
- 3.5. This Agreement shall only be binding on the signatory C/S/Es hereto in regards to the Construction Contract and shall not apply to the parents, affiliates, subsidiaries, or other ventures of any C/S/Es or any other contract for construction or project to which this Agreement does not apply.
- 3.6. This Agreement shall be included as a general condition of the Construction Contract for the Project.

Article 4. Work Stoppages and Lockouts

- 4.1. During the term of this Agreement there shall be no strikes, picketing, work stoppages, slowdowns or other disruptive activity for any reason by the Union, its applicable Local Union or by any employee, and there shall be no lockout by the Contractor. Failure of any Union, Local Union or employee to cross any picket line established at the Project site is a violation of this Article.
- 4.2. The Union and its applicable Local Union shall not sanction, aid or abet, encourage or continue any work stoppage, strike, picketing or other disruptive activity at the Contractor's project site and shall undertake all reasonable means to prevent or to terminate any such activity. No employee shall engage in activities which violate this Article. Any employee who participates in or encourages any activities which interfere with the normal operation of the Project shall be subject to disciplinary action, including discharge, and if justifiably discharged for the above reasons, shall not be eligible for rehire on the Project for a period of not less than ninety (90) days.
- 4.3. The Unions agree that they shall not sanction, aid or abet, encourage or continue any work stoppage, strike, picketing or other disruptive activity at the Project site. If any Union is notified of any offsite work stoppage, strike, picketing or other disruptive activity by the Union that will economically and/or materially affect the completion of the Project, the Union will promptly make good efforts to cease such Project work disruption.
- 4.4. No Union shall be liable for independent acts of employees. The principal officer or officers of a Local Union will immediately instruct, order and use the best efforts of his office to cause the employees the Local Union represents to cease any violations of this Article. A Local Union complying with this obligation within two business days shall not be liable for unauthorized acts of employees it represents. The failure of the C/S/E to

exercise its right in any instance shall not be deemed a waiver of its right in any other instance.

- 4.5. Expiration of Local Agreements. If local, regional, and other applicable labor agreements expire during the term of this Agreement, it is specifically agreed that there shall be no strike, sympathy strike, picketing, lockout, slowdown, withholding of work, refusal to work, walk-off, sick-out, sit-down, stand-in, wobble, boycott or other work stoppage, disruption, advising of the public that a labor dispute exists, or other impairment of any kind as a result of the expiration of any local, regional or other applicable labor agreement having application at any AUTHORITY project and/or failure of the parties to that agreement to reach a new contract. Terms and conditions of employment established and set for purposes of prevailing wage requirements under such labor agreements or as required by law at the time of bid or thereafter shall remain established and set. Otherwise to the extent that such a local, regional, or other applicable labor agreement does expire and the parties to that agreement have failed to reach agreement on a new contract, work will continue on the Project on one of the following two bases, both of which will be offered by the Unions involved to the Contractors/Employers affected:

4.5.1. Each of the Unions with a contract expiring must offer to continue working on the Project under interim agreements that retain all the terms of the expiring contract, except that the Unions involved in such expiring contracts may each propose wage rates and employer contribution rates to employee benefit funds under the prior contract different from what those wage rates and employer contributions rates were under the expiring contracts provided, however, that the proposal does not violate state and/or federal prevailing wage laws required to be paid on public works projects. The terms of the Union's interim agreement offered to Contractors/Employers will be no less favorable than the terms offered by the Union to any other employer or group of employers covering the same type of construction work in the affected county.

4.5.2. Each of the Unions with a contract expiring must offer to continue working on the Project under all the terms of the expiring contract, including the wage rates and employer contribution rates to the employee benefit funds, provided that said wage rates comply with state and/or federal prevailing wage laws, if the Contractors affected by that contract agree to the following retroactivity provisions: if a new local, regional or other applicable labor agreement for the industry having application at the Project is ratified and signed during the term of this Agreement and if such new labor agreement provides for wage increases,

then each affected Contractor shall pay to its employees who performed work covered by the Agreement at the Project during the hiatus between the effective dates of such labor agreements, an amount equal to any such wage increase established by such new labor agreement, retroactive to whatever date is provided by the new local, regional or other applicable agreement for such increase to go into effect, for each employee's hours worked on the Project during the retroactive period. An agreed labor agreement must not violate any requirements of state and/or federal prevailing wage laws. All parties agree that such affected C/S/E shall be solely responsible for any retroactive payment to its employees and that neither the AUTHORITY nor any other Contractor has any obligation, responsibility or liability whatsoever for any such retroactive payments or collection of any such retroactive payments, from any such Contractor.

- 4.5.3. Some Contractors may elect to continue to work on the Project under the terms of the interim agreement option offered under 4.5.1 above and other Contractors may elect to continue to work on the Project under the retroactivity option offered under 4.5.2 above. To decide between the two options, Contractors will be given one (1) week after the particular labor agreement has expired or one week after the Union has personally delivered to the Contractor in writing its specific offer of terms of the interim agreement pursuant to 4.5.1 above, whichever is the later date. If the Contractor fails to timely select one of the two options, the Contractor shall be deemed to have selected the option of 4.5.2.
- 4.6. Expedited Arbitration will be utilized for all work stoppages and lockouts. In lieu of or in addition to any other action at law or equity, any party may institute the following procedure when a breach or violation of this Article IV is alleged to have occurred:
- 4.6.1. The party invoking this procedure shall notify the permanent arbitrator next in sequence from the following list:
- A. Joseph Gentile
 - B. Michael Rappaport
 - C. Walter Daugherty
 - D. Sara Adler
 - E. Mai Ling Bickner

The Parties agree these shall be the five permanent Arbitrators under this procedure. In the event that none of the five permanent Arbitrators are available for a hearing within 24 hours, the party invoking the procedure shall have the option of delaying until one of the five permanent Arbitrators is available or of asking the permanent Arbitrator that would normally hear the matter to designate an arbitrator to sit as a substitute Arbitrator for this dispute. If any of the permanent Arbitrators ask to be relieved from their status as a permanent Arbitrator, the Parties shall mutually select a new permanent Arbitrator from the following list of arbitrators:

A. John Kagel

B. William Rule

Selection shall be made by each party alternately striking from the foregoing list until one name remains who shall be the replacement permanent Arbitrator. Expenses incurred in arbitration shall be borne equally by the Union and the C/S/E involved and the decision of the Arbitrator shall be final and binding on both Parties, provided, however, that the Arbitrator shall not have the authority to alter or amend or add to or delete from the provisions of this Agreement in any way. Notice to the Arbitrator shall be by the most expeditious means available, including by telephone and by facsimile or telegram to the party alleged to be in violation and to the Council and involved local Union if a Union is alleged to be in violation.

4.6.2. Upon receipt of said notice, the Arbitrator shall convene a hearing within twenty- four (24) hours if it is contended that the violation still exists.

4.6.3. The Arbitrator shall notify the Parties by telephone and by facsimile or telegram of the place and time for the hearing. Notice shall be given to the individual Unions alleged to be involved and to the Council. Said hearing shall be completed in one session, which, with appropriate recesses at the Arbitrator's discretion, shall not exceed twenty-four (24) hours unless otherwise agreed upon by all Parties. A failure of any party to attend said hearings shall not delay the hearing of evidence or the issuance of any decision by the Arbitrator.

4.6.4. The sole issue at the hearing shall be whether or not a violation of Section 4.1 or 4.2 of this Article IV has in fact occurred. The Arbitrator shall have no authority to consider any matter of justification, explanation or mitigation of such violation or to award damages, which issue is reserved for court proceedings, if any. The decision shall be issued in writing within three (3) hours after the close of the

hearing, and may be issued without a written opinion. If any party desires a written opinion, one shall be issued within fifteen (15) days, but its issuance shall not delay compliance with or enforcement of the decision. The Arbitrator may order cessation of the violation of this Article and liquidated damages as follow, and such decision shall be served on all Parties by hand or registered mail upon issuance: for the first shift in which the violation occurred, \$15,000; for the second shift, \$20,000; for the third shift, \$25,000; for each shift thereafter on which the craft has not returned to work, \$25,000 per shift. The Arbitrator shall determine whether the specified damages in this Section shall be paid to the AUTHORITY or the C/S/E. The Arbitrator shall retain jurisdiction to determine compliance with this section and this Article.

- 4.6.5. Such decision may be enforced by any Court of competent jurisdiction upon the filing of this Agreement and all other relevant documents referred to above in the following manner. Written notice of the filing of such enforcement proceedings shall be given to the other party. In the proceeding to obtain a temporary order enforcing the Arbitrator's decision as issued under Section 4.6.4 of this Article, all Parties waive the right to a hearing and agree that such proceedings may be ex parte. Such agreement does not waive any party's right to participate in a hearing for a final order of enforcement. The Court's order or orders enforcing the Arbitrator's decision shall be served on all Parties by hand or delivered by registered mail.
- 4.6.6. Any rights created by statute or law governing arbitration proceedings inconsistent with the above procedure or which interfere with compliance therewith are hereby waived by the Parties to whom they accrue.
- 4.6.7. The fees and expenses incurred in arbitration shall be divided equally by the Parties to the arbitration, including Union(s) and the C/S/E(s) involved.
- 4.7. The procedures contained in Section 4.6 shall be applicable to alleged violations of Article IV to the extent any conduct described in Section 4.1 or 4.2 occurs on the Project. Disputes alleging violation of any other provision of this Agreement, including any underlying disputes alleged to be in justification, explanation, or mitigation of any violation of Section 4.1 or Article IV shall be resolved under the applicable grievance adjudication procedures for these other Articles.

- 4.8. Notwithstanding any provision of this Agreement to the contrary, it shall not be a violation of this Agreement for any Union to withhold the services of its members (but shall not have the right to picket) from a particular C/S/E who:
- 4.8.1. Fails to timely pay its weekly payroll; or
 - 4.8.2. Fails to make timely payments to the Union's Joint Labor/Management Trust Funds in accordance with the provisions of the applicable Schedule A Agreements. Prior to withholding its members services for the Contractor's failure to make timely payments to the Union's Joint Labor/Management Trust Funds, the Union shall give at least ten (10) days (unless a lesser period of time is provided in the Union's Schedule A Agreement, but in no event less than forty-eight (48) hours) written notice of such failure to pay by registered or certified mail, return receipt requested, and by facsimile transmission to the involved Contractor and to the AUTHORITY. The Union will meet within the ten (10) day period to attempt to resolve the dispute.
 - 4.8.3. Upon the payment of the delinquent Contractor of all monies due and then owing for wages and/or fringe benefit contributions, the Union shall direct its members to return to work and the Contractor shall return all such members back to work.

Article 5. No Discrimination

- 5.1. Consistent with Executive Order 11246 and applicable federal and state law and regulation, the C/S/Es and Unions agree not to engage in any form of discrimination on the ground of, or because of, race, religion, national origin, ancestry, sex, sexual orientation, age, physical handicap, marital status, medical condition, political affiliation, or membership in a labor organization in hiring and dispatching workers for the project.
- 5.2. Any employee covered by this Agreement which believes he/she has been discriminated against, in violation of section 5.1 above, shall be referred to the appropriate state and/or federal agency for the resolution of such dispute.

Article 6. ARTICLE VI UNION SECURITY

- 6.1. The C/S/Es recognize the Unions as the sole and exclusive bargaining representatives of all craft employees working within the scope of this Agreement.
- 6.2. No employee covered by this Agreement shall be required to join any Union as a condition of being employed, or remaining employed, for the completion of the Project work. The C/S/E shall, however, require all employees working on the Construction Contract, to the extent which this Agreement applies, for a cumulative total of eight (8) or more working days, to comply with the applicable Union's security provisions for the period during which they are performing on-site Project work to the extent, as permitted by law, of rendering payment of the applicable monthly dues and any working dues only, as uniformly required of all craft employees while working on the Project and represented by the applicable signatory unions. However, any employee who is a member of a Union at the time the referring Union refers the employee, shall maintain that membership in good standing while employed on the Construction Contract.

Article 7. Referral

- 7.1. The C/S/Es recognize that the Unions shall be the primary source of all craft labor employed on the Construction Contract for the Project. For each craft, the local Union with geographic jurisdiction over the work to be performed shall make referrals of employees to the requesting C/S/E. The Unions will exert their best efforts to recruit and identify individuals, particularly National Targeted Workers, as well as those referred by the Jobs Coordinator, for entrance or reentrance into the labor/management apprenticeship programs, and to assist individuals in qualifying and becoming eligible for such programs. C/S/Es utilizing core employees shall follow the procedures outlined below:
 - 7.1.1. The C/S/E worker shall be considered a Core Worker for the purposes of this Article if the employee's name appeared on the C/S/E's active payroll for sixty (60) of the one hundred (100) days immediately before the award of the Project Work to the C/S/E and meets the required definition of 1.8 above,
 - 7.1.2. Each C/S/E shall submit a Core Employees List to the CBA Administrator and shall provide payroll records evidencing the worker's qualification as a Core Worker upon request by AUTHORITY, and /or its designee, or any other party to
